

I Have Loved You

By

Laura Christie Wall & Fransoafran

Written by

Steve Sheppard

Creativity has been truly in the forefront of most musicians psyche ever since this global pandemic started; the freedom of expression is the only true freedom we have left currently.

Here we see pianist **Laura Christie Wall** team up with contemporary instrumentalist and violinist **Fransoafran**, this collaboration will bring to the table one of the most beautiful singles of the year, with the offering **I Have Loved You**.

The structure of this piece is a masterclass on arrangement, build and progression, the performance by **Laura Christie Wall** is both gentle and poignant, while the violin of **Fransoafran** is emotive and played with the heart firmly on the sleeve. Both have manifested here a lush and blissful repose into the deep realms of the musical heart, and thus should have a huge hit on their hands with this new single with ease.
