The latest single by **Glo Macari** is out across the world and is entitled **Tattoo**. This exciting and fast paced single recorded in West Sussex, could well have its roots in a multiple of genres, but this live performance is certainly one that will raise the roof and blow off the rafters. At times a little bluesy, mixed with a layer of punk, and with a deft extra touch of an underling rock ethic, **Tattoo** by **Glo Macari** is one of those singles that you will find it all too easy to become addicted to.
