The build and progression in this latest single by **Kimberly Haynes** is simply fantastic, it has a lush light rock element, a fun and light hearted reverie, and a power supply all of its own.

The title does exactly what it says on the can, and I so very much liked the lyric "We are freedom's children's, a united kingdom of souls" that alone is sublime.

So here we have it, this single could easily be the anthem to raise the rhythm of our souls after this pandemic, after all it is music like this, and it is performances like this, that gives us all something we most desperately need, hope! Beautifully done **Kimberly Haynes**, this must be a sure fire guaranteed hit.
