

The Bonnie Banks of Loch Lomond

By

Laomainn

Written by

Steve Sheppard

I remember performing this song some...., well a long while ago, whilst studying guitar at college in the late 70's, and here in 2021, **The Bonnie Banks of Loch Lomond** arrives before me from the artist known as **Laomainn**.

The whole song and interpretation has been given a makeover and has a lush acoustic feel to it, bringing a much needed freshness to the composition, the whistle and acoustic guitar combination has a nice Celtic resonance, and **Laomainn's** vocals gift us something of an added texture to the song, one that should appeal to all of those who love this piece and wish to explore its natural historical values once more.
