**Kristin Amarie ft Charlie Bisharat**

Magical vocalist **Kristen Amarie** is back with a sparkling new single, and on **Campane a Sera** she is joined by one of the foremost violinists in the genre, in one *Charlie Bisharat*.

The performance by the singer is pristine in its essence, and manifests a beautiful European vibe to enjoy; her vocals are so charm filled and passionate, when you team that up with the skill set of Bisharat, you get something truly beyond words.

Bisharat's almost *Vaughn Williams* styled Violin floats angelically with the sublime and angelic vocals of Amarie, the mood and tone created here is moving and truly emotive, simply guaranteed to give you chills each time it hits your senses; surely this is good enough to be featured in a movie, it certainly sounds like it comes from one, absolutely recommended indeed.
